TOYOTA PROACE VERSO

## **Welcome to a world where every step counts.**

When our founder Kiichiro Toyoda ran to assist customers himself, he set in motion an exhilarating story. Of revolutionising car production. Of pioneering electrified powertrains. Of making mobility accessible to all. Of never resting. Of always going beyond expectations to make life better for our customers. And in doing so, to create a better world.

A scenic landscape at sunset or sunrise. The sky is filled with soft, horizontal bands of color, transitioning from a pale blue at the top to a warm orange and pink near the horizon. Below the sky, a vast, hazy valley stretches out, with rolling hills and a small town visible in the distance. In the foreground, a winding asphalt road curves through a grassy hillside. The road is marked with white lines, and several bright red light trails, likely from a car's taillights, are visible on the road's surface. The overall mood is serene and expansive.

LET'S GO BEYOND

EVERY

# COUNTS

Stylish, versatile and great to drive, the Proace Verso is the ultimate premium people carrier. Offering luxurious transport for commercial passengers and adventurous families alike, its first-class comfort and seamless connectivity make every trip a pleasure. With a choice of zero-emission electric or advanced diesel powertrains, arrive in style with the Proace Verso.

# SIT BACK AND RELAX

With its lounge-like space, soothing ergonomics and thoughtful attention to detail, the Proace Verso's premium interior enhances every moment. Whether you're behind the wheel or relaxing as a passenger, you'll appreciate the hushed noise levels, heated steering wheel and individual armrests for the driver and front passenger. And with seating for seven, eight or nine, airline-style individual tables and a stunning panoramic glass roof, the Proace Verso is as much about enjoying the journey as the destination.

## **LET THE LIGHT IN**

The Toyota Skyview® panoramic roof gives the interior a soothing, premium ambience, flooding the space with warm, natural light.

# A SPACE THAT ADAPTS TO YOU

With its unrivalled interior space and intelligent storage solutions, the Proace Verso lets you live life spontaneously. Designed to accommodate any combination of passengers and cargo, and to cater for even the most active lifestyles, the interior is easily reconfigured to suit your needs. The seats split, fold, and even slide on rails, for complete flexibility regardless of who's along for the ride.

## FULLY FLEXIBLE SEATING

Supremely accommodating, the Proace Verso's adaptability extends to ISOFIX fixings throughout the cabin, so everyone travels safe and secure.

# DETAILS THAT MAKE A DIFFERENCE

Combining thoughtful details, a high level of standard equipment and innovative technology, the Proace Verso makes everything easier. Interior access is effortless thanks to motorised sliding doors and wide door openings – simply pull the handle or use the buttons on the key fob, dashboard and B-pillar. And for the ultimate in convenience upgrade to hands-free sliding doors, which operate by simply waving your foot under the bumper.

## CONVENIENCE YOU'LL APPRECIATE

Need to grab something from the luggage compartment? The opening tailgate window offers quick access without needing to lift the tailgate.

## EASY-OPEN DOORS

The Proace Verso features wide-opening sliding doors and a low floor height, for easy access to every seat in the cabin.

# A POWERTRAIN FOR EVERY JOURNEY

Power your lifestyle with zero-emission electric drive or the Proace Verso's efficient range of diesel engines. The advanced Proace Verso Electric is available with 75 kWh battery. Smooth and effortless to drive, with a one-tonne towing capacity and up to 350 km of driving range, take every adventure in your stride. The engine line-up includes 2.0-litre diesels with manual and automatic transmission options.

## **ELECTRIC MOTOR 136 (75KWH BATTERY) A/T**

Battery energy 75 kWh  
Pure Electric Range\* 332-347 km  
Battery charging time 7.5 hours

## **2.0 L D-4D 145 M/T**

Power 144 DIN hp  
Fuel consumption\* 7,4-7,5 l / 100 km  
CO<sub>2</sub> emissions\* 194-198 g/km

## **2.0 L D-4D 180 A/T**

Power 177 DIN hp  
Fuel consumption\* 7,3-7,6 l / 100 km  
CO<sub>2</sub> emissions\* 191-198 g/km

# ELECTRIC MADE EASY

The Proace Verso Electric has the clean energy to keep you moving. With a clear and easy to read power display and quick, convenient charging via a domestic socket, home charger or public rapid charger, keeping the battery topped up couldn't be easier. The Proace Verso Electric can be charged from 20% to 80% in as little as 48 minutes, and a status indicator shows the battery status as you charge. Relaxing to own and easy to live with, driving electric has never been so appealing.

## A MODE FOR EVERY DRIVE

The drive mode switch lets you match the electric powertrain to your needs. Choose Power for strong acceleration, Normal for everyday use or range-boosting Eco.

# CONNECTED AND IN CHARGE

With its seamless connectivity, the Proace Verso Electric takes all the guesswork out of electric driving. Crucial EV data, including remaining driving range, power consumption and battery charge level, is always displayed on the multimedia screen and the driver's Combimeter. And should you run low on charge, the navigation system shows all the public charging options in your area, so you can quickly and easily top up on the move.

## FIND CHARGERS NEAR YOU

Go further with the Proace Verso Electric. The multimedia screen shows a range checker, a battery usage monitor and nearby charging stations.

# INTUITIVE TECHNOLOGY

Rich in functionality and easy to use, the Proace Verso's connected technology elevates every drive. With accurate voice activation and a responsive 10-inch multimedia touchscreen, making calls, playing your favourite music and setting a navigation destination couldn't be easier. Keep your devices fully charged with the two handy USB-C ports. And on the move the digital cockpit, with its 10-inch CombiMeter, displays key driving information at a glance, putting you in confidently in control.

## **YOUR PHONE ON THE MOVE**

Providing safe and easy access to your smartphone's apps and features, upgraded Toyota Smart Connect with wireless Apple CarPlay and Android Auto™ compatibility mirrors your phone on the multimedia touchscreen.

Apple CarPlay is a trademark of Apple Inc.

# Toyota Safety Systems WITH YOU FOR A SAFER JOURNEY

For class-leading safety functions, Proace Verso is built with Toyota Safety Systems including the latest generation of Toyota safety technologies as well as the possibility to update its features over-the-air. Toyota Safety Systems make sure you're always in safe hands.

## **PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION**

Pre-Collision System can detect and help you avoid collisions with other vehicles, pedestrians, cyclists and motorbikes. It works by alerting the driver with audio and visual warnings and brake assistance. If the driver doesn't manage to brake in time the brakes automatically engage to prevent or mitigate a collision.

## **INTELLIGENT SPEED ASSIST (ISA)**

The system recognises new speed limits along the driving route and suggests changes to cruising speed.

## **ADAPTIVE CRUISE CONTROL**

Toyota safety technologies's Adaptive Cruise Control keeps a minimum preset distance from the vehicle in front. If this distance falls, the system reduces the speed. If the distance increases again, it will gradually accelerate until the vehicle returns to your chosen cruising speed.

## **LANE KEEP ASSIST**

Lane Keep Assist system uses either the lane markings on the road ahead or the driving path of the vehicle in front to estimate its position on the road. If the vehicle begins to drift from the centre of the lane unintentionally, steering assist is applied to correct its course.

Learn more about  
Toyota safety technologies.

# INTELLIGENT PROTECTION

A protective halo around you and your van, Toyota's range of intelligent protection systems works to keep you safe on the move. It's easy to miss important traffic signs during a busy day. Road Sign Assist displays important speed limit changes or the introduction of overtaking restrictions on the driver's display, helping you drive accordingly.

## **AUTOMATIC HIGH BEAM (AHB)**

Automatic High Beam is designed to optimise visibility during night driving for all road users. A camera located by the rear-view mirror detects the lights of oncoming vehicles whilst also monitoring the brightness of streetlights. It switches automatically between high and low beam, allowing the driver to concentrate fully on the road, safely and conveniently.

## **ROAD SIGN ASSIST**

Monitors traffic signs and shows this essential information in clear view on the cockpit display. This includes current speed limits among others. Now the system also warns you if you are about to enter a one-way street the wrong way, and tells you of approaching stop signs and overtaking restrictions.

## **DRIVER ATTENTION ALERT**

This function monitors the vehicle's position within the lane and the driver's steering operations in order to detect vehicle sway, which tends to occur when the driver's ability to concentrate on driving deteriorates due to factors such as drowsiness, inattention or distraction. The driver will be alerted prior to instances such as deviating from the road.

## **BLIND SPOT MONITOR (BSM)**

This allows you to manoeuvre more safely during lane changes. If the rear-mounted radar sensors detect a vehicle in your side or rear blind spot, a warning indicator illuminates on the appropriate side mirror. If you indicate to change lanes and a vehicle is in your blind spot, the warning indicators will flash.

# Toyota accessories TAILORED TO YOUR LIFESTYLE

The Proace Verso is just the beginning. Toyota's extensive range of genuine accessories is ready to help you go further, do more and realise your ambitions. Anything is possible, from roof bars to towing hitches, ski boxes to bike racks. Thoughtfully designed and robustly engineered, these personalisation options transform the Proace Verso into your Proace Verso.

## Transport Pack

---

The Toyota aluminium roof rack is tailor-made to add an extra dimension of carrying capacity to your vehicle. It is easy to install, fully lockable and has a smooth aerodynamic profile that minimises wind noise. Importantly, the rack features a quick attachment concept that enables you to combine it with a superb range of optional attachments for specialised transport purposes.

### 1. Toyota Roof Box XL

This streamlined storage box adds space for your luggage, or anything else you might want to take with you on holiday. With a key that can't be removed until all locking points are closed and easy access from either side, it's safe and convenient too.

### 2. Detachable Towing Hitch

The detachable towing hitch is especially designed so that you can easily attach the tow ball whenever you need a towing capability and remove it again when you don't.

### 3. Rear Bicycle Holder (3 bikes)

Made of high strength steel, the rear bicycle holder attaches to the towing hitch and will securely carry up to 3 bicycles.

## Protection pack

---

### Side Bar matt black

The distinctive tubular stainless-steel side bars grab attention and protect the side panels against minor impacts.

### Rear Bumper Protection Plate

Designed in stainless steel to protect the rear bumper paintwork against scratching when sliding heavy or awkward loads into the boot. It is also particularly effective for guarding the paintwork of the boot area.

## Personal touches

---

Toyota accessories give you choices for customising your Proace Verso. There are options for transport, protection and security to suit a wide range of business and family needs.

### Horizontal Cargo Net

Strong, woven, black nylon net for holding items securely in your car's boot area. The net fixes neatly on to pre-fitted hooks.

### Trunk liner

Tailored to fit the trunk of your vehicle and provide protection against dirt and spills. The design features a special anti-slip surface pattern to help stop luggage moving.

### Rubber Floor Mats

Rubber floor mats protect your cabin against mud and dirt. They are tough, practical and easy to clean. The driver's mat has a special fixing to prevent slippage during use.

# Toyota HomeCharge

The home charging solution makes charging your vehicle simple and convenient. The sleek charger is fully integrated with your vehicles, putting you in control wherever you are. It allows you to do everything that you would expect from a connected charger (manage users, remote charging, track your charging sessions etc.) Additionally, it allows you to smart charge: target a specific Vehicle State of Charge, set a charging schedule following dynamically\* the daily energy tariffs of your location or schedule charging for off-peak hours, allowing you to reduce your energy costs. The charger is offered in multiple variants: single-phase or three-phase, and with or without a 4G connection.

1. Toyota HomeCharge Mid

2. Toyota HomeCharge High

3. Charging Charging Port Cover

The charging port cover protects the charging port in winter or heavy rain conditions. The port cover protects the charging cable against freezing and humidity.

## CHARGING THE BATTERY

With Toyota HomeCharge, zero-emissions driving has never been so easy. Recover as much as 80% charge in less than 1/3 of the time of a domestic home socket.

### HOMECHARGE

Plugged into a fast, reliable, dedicated home/office charger, the battery is fully charged in 7.5 hours

### DOMESTIC HOME SOCKET

Plugged into a domestic socket, just like a mobile phone, the battery is fully charged in 37 hours\*.

The fuel consumption, CO<sub>2</sub> emissions, electric range and electric energy consumption values are measured in a controlled environment on a representative production model, in accordance with the requirements of the WLTP European regulation EC 2017/1151 and its applicable amendments. For each individual vehicle configuration, the final fuel consumption, CO<sub>2</sub>, electric range and electric energy consumption values may be calculated based on the ordered optional equipment. The fuel consumption, CO<sub>2</sub>, electric range and electric energy consumption values of your vehicle may vary from those measured or calculated values, as driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, tyre pressure, load, number of passengers, etc.) have an influence on a car's fuel consumption, CO<sub>2</sub> emissions, electric range and electric energy consumption.

# YOUR COMPLETE PEACE OF MIND WITH TOYOTA

## QUALITY SERVICE

Your Toyota will need a Health & Safety check at least once every 2 years or 30,000 km (whichever comes first). An intermediate check is necessary every year or 15,000 km.

## LOW MAINTENANCE COSTS

All Toyota vehicles are designed and engineered to minimise your maintenance costs.

## GENUINE PARTS

To ensure the quality of your Toyota, only genuine and approved components are used for your vehicle.

## ADDED SECURITY

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test.

## GENUINE ACCESSORIES

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. All accessories are covered by a 3-year warranty when purchased together with the vehicle\*.

## TOYOTA EUROCARE

Enjoy peace of mind driving with Toyota Eurocare roadside assistance in 40 European countries.

## TOYOTA RELAX WARRANTY

Warranty for 10 years or 185,000 kilometres. The Toyota Relax warranty starts on the day the manufacturer's warranty coverage ends, provided that the vehicle has been maintained in accordance with the manufacturer's requirements at an official Toyota dealership. The Toyota Relax warranty remains valid up to the next scheduled maintenance which is usually in 12 months or 15,000 km, whichever comes sooner. This is extended after each maintenance. You can get more information from your Toyota retailer and the maintenance intervals for your car can be found in the owner's manual.

\* Check with your retailer for specific warranty details.

# OUR PROMISE TO YOU

Whether you're looking for replacement vans, insurance, express servicing or roadside assistance, Toyota Professional is your LCV business partner. Our comprehensive range of services is here to meet all your business needs, provide you peace of mind and keep your business on the road.

## TOYOTA RELAX

Our Toyota Relax warranty provides complete peace of mind. Every new and used Toyota comes with a 3-year warranty followed by a 12-month / 15,000 km additional warranty with every service, up to 10 years or 185,000 km, whichever comes first.

## EXPRESS SERVICE

When you choose Toyota Express Service we'll have you back on the road in half the time. Two expert mechanics work on your van at any one time, halving the service time at no extra cost.

## ROADSIDE ASSISTANCE

Toyota Roadside Assistance is here for you and your business 24/7, at home and abroad, covering you for breakdown assistance, vehicle recovery and hotel accommodation should you need it.

## COURTESY VEHICLES

Thanks to Toyota Professional Service you can book a replacement vehicle when yours requires maintenance. You'll have a variety of options, including light passenger cars and commercial vehicles.

## FINANCE AND INSURANCE

Toyota Professional offers bespoke finance and leasing for businesses, plus a range of insurance solutions tailored to your needs.
